

Kilian O'Sullivan moved from Ireland to France in 1973. He started his career as a designer in 1991 and set up SISKÔ DESIGN in 1994 to manage the manufacture and distribution of his own designs .

Each year Siskô brings out a new line of products , constantly up- dating its collection and remaining a trend setter in European furniture design while building on its product base for over15 years .

Sisko is distributed by major shops on all continents , has completed several Hotel projects and provides a turn-key service to interior designers and architects , using its creative and manufacturing expertise to provide them with exclusive custom made furniture and lighting of the highest quality .

Kilian O'Sullivan is a prolific and ingenious designer. He has succeeded in achieving a reputation as a top independant and innovative design label to whom other designers look to spot the emergence of new ideas and trends .Always seeking an eye-catching detail or astuce to transform contemporary furniture and lighting into a design centerpiece .
